

EPCA Board of Directors Recap

Saturday, March 16th, 2019 from 9:30am to 3:00pm
7875 Cote-de-Liesse, Saint-Laurent, Québec H4T 1G4

- The EPCA had the opportunity to have a joint Presentation from QESBA & QCGN to learn what they are about as well as some of their future plans. It was very informative. We send a Thank you to both Russell Copeman of QESBA and Sylvia Martin-Laforge of QCGN.
- Update from the EPCA's Special Needs Advisory Committee; Not all school boards have submitted the parent representatives/delegates. There have been some technical difficulties getting the survey questions configured, this should be sorted shortly.
- Follow up on Update on Carbon Monoxide regulations; EMSB has allocated funds to update schools over a two-month period, WQSB, LBPSB, RSB, SWLSB are all up to code. CQSB, NFSB and ESSB directors have not had any information to date.
- The EPCA sent out a press release regarding the President, Ms. Rhonda Boucher for making history as the first parent commissioner to hold the vice-chair position at a school board's council of commissioners. Congratulations Rhonda!
- The EPCA has been asked to present briefs in the National Assembly for both Bills 5 and 12 in the coming months. All directors have been hard at work to prepare questions, comments, points to highlight and recommendations.
- **Next meeting – April 27th, 2019**
